Job Title - Intern

Region 1 Right-of-Way

Location: Nashville, TN

Compensation \$12.50/hr.

Overview

The Right-of-Way (ROW) Division is responsible for the appraisal and acquisition of land needed for state highway construction, as well as the relocation of displaced families and businesses. In addition, this division is responsible for the coordination and relocation of utility and railroad facilities necessary for highway construction projects. The disposal of TDOT's surplus property is also administered through the Right-Of-Way Division.

Responsibilities

Regional Right-of-Way interns will be responsible for accompanying staff members in right-of-way and utility meetings with internal and external stakeholders and assisting in the preparation of meeting related materials. Additionally, right-of-way interns will perform routine audits of right-of-way and utility related documentation, as well as assisting with property management functions. Other duties include entering and updating documentation in the statewide right-of-way and utilities database and preparation and distribution of correspondence to residents, businesses and utility companies as needed.

Preferred Qualifications

Bachelor of Science degree or at a minimum, working toward obtaining a Bachelor of Science degree with being classified/enrolled as a Junior or greater.

Knowledge of Microsoft Office Programs (Word, Excel, Power Point, Outlook)
Experience with reading and developing plans

Performance Expectations

Regional Right-of-Way interns will be exposed to and be expected to learn concepts related to the right-of-way appraisal, acquisition and relocation processes, as well as a basic understanding of the utility coordination process in accordance with applicable state and federal policies and procedures.
